SCIENCE ABSTRACTS 1971 SUBSCRIPTION RATES

Information retrieval

Produced by computer-controlled phototypesetting, these abstracts journals cover the world's periodical, conference and book literature and are extending into the fields of reports and patents. Alphabetical author and subject indexes are given twice yearly. Concurrent microfiche

Physics Abstracts (PA), fortnightly, covers the whole field of physics.

£110 (\$US 264) p.a.

***Electrical & Electronics Abstracts (EEA)** specialises in electrical and electronics engineering. Published monthly.

£90 (\$US 216) p.a.

***Computer & Control Abstracts (CCA)**, monthly, covers computer science and technology, control and automation.

£45 (\$US 108) p.a.

* Combined subscription to EEA/CCA: £105 (\$US 252) p.a.

editions of the abstracts journals are available from January 1970 at the same subscription rate as for the printed edition. A double subscription to both the printed and microfiche editions attracts a 50% discount on one of the editions.

Current awareness

Each 'Current Papers' publishes the full bibliographic reference of every abstract in the corresponding abstract journal and is produced by computer-controlled phototypesetting. Individual members of the IEE, AIP, IEEE,

IPPS and IERE, wherever they reside, can obtain Current Papers at special privilege prices if they order through their own society.

Current Papers in Physics (CPP).
Fortnightly.

£12 (\$US 29) p.a.

Current Papers in Electrical & Electronics Engineering (CPE). Monthly.

£12 (\$US 29) p.a.

Current Papers on Computers & Control (CPC). Monthly.

£10 (\$US 24) p.a.

Periodicals

Proceedings IEE, published monthly, contains papers of industrial and technological interest from engineers and scientists the world over. Each issue comprises three self-contained groups of papers on Electronics; Power; and Control and Electrical Science, and these can be ordered as separate publications—*Electronics Record*, *Power Record*, and *Control & Science Record*.

Subscriptions to *Proceedings IEE*:

£30 p.a. IEE Associates and Associate Members under 28 and IEE Students: £2 10s. Other IEE members: £5

Separate copies of individual papers are available when they have been published in the *Proceedings*. Price 2s. each.

Electronics Record is published every two months, the papers being taken from the two previous issues of *Proceedings IEE*.

£15 p.a. IEE Associates and Associate Members under 28 and IEE Students: 25s. Other IEE members: £2 10s.

Power Record, quarterly, takes its material from the three preceding issues of *Proceedings IEE*.

£9 p.a. IEE Associates and Associate Members under 28 and IEE Students: 15s. Other IEE members: 30s.

Control & Science Record, quarterly, includes papers on control and automation and electrical science taken from the three previous issues of *Proceedings IEE*.

£9 p.a. IEE Associates and Associate Members under 28 and IEE Students: 15s. Other IEE members: 30s.

Electronics Letters, published fortnightly, is an international journal offering speedy dissemination of research and development results in electronics, control and allied subjects, in the form of communications up to about 1200 words in length. Publication is within two to six weeks of receipt, giving the engineer an immediate picture of the latest developments in the field.

£20 p.a. IEE members: £3

Electronics & Power, published monthly, is a wide-ranging magazine covering the complete field of interest of electrical, electronics, and control technology by means of articles, product reviews, correspondence, editorial comment and book reviews.

Electronics & Power: £12 p.a.
IEE members: free

IEE News is a twice-monthly tabloid newspaper for the professional electrical, electronics and control systems engineer.

IEE News: £2
IEE members: free

Students' Quarterly Journal is received free of further subscription by all IEE Students, Associates and Associate Members under the age of 30. It caters particularly for the younger member, and specialises in concise, topical articles on the latest advances in electrical, electronic and control engineering.

20s. p.a. Senior members: 10s. p.a.

IEE Conference Publications

Each conference is organised by one or more of the IEE Divisions, **Power, Electronics, Control & Automation, or Science Education & Management**. The conferences thus survey the ambit of electrotechnology and control.

IEE Conference Publications are internationally recognised as up-to-date, authoritative reviews of development and progress in the various branches of electrotechnology and control with which they deal.
